EDUCATION

University College London

BSc Management Science, expected June 2026

Relevant coursework: business analytics, operations management, statistics, strategy.

Shenzhen College of International Education

A-Level, June 2023

EXPERIENCE

Business Operations Intern, Northstar Retail Group

June 2025 - August 2025

Cleaned weekly sales and inventory spreadsheets for category managers, improving the consistency of store-level reporting inputs.

Compared sales patterns across London locations and summarized differences in stock availability, promotion timing, and customer demand.

Prepared short notes on operational issues for manager review, connecting spreadsheet findings to store execution questions.

Student Consultant, UCL Business Society

October 2024 - March 2025

Worked with a student team on a market research project for a small education startup.

Interviewed students and summarized findings on pricing, course format, and trust factors for the final recommendation deck.

PROJECTS

UK Grocery Delivery Market Review

Built a competitor comparison of delivery fees, subscription offers, and student discounts across major UK grocery platforms.

Presented findings in a concise slide deck for a class project, highlighting tradeoffs between price, speed, and customer loyalty.

SKILLS

Tools: Excel, PowerPoint, Python.

Analysis: market research, operations analysis, competitor comparison, presentation writing.

Languages: Mandarin Chinese, English.
